

65TH CONFERENCE ON EXCEPTIONAL CHILDREN

GRADUATION: **The Measure of Tomorrow**

Occupational Therapy Institute

Greensboro, NC

November 18, 2015

9am-4pm

PUBLIC SCHOOLS OF NORTH CAROLINA

State Board of Education | Department of Public Instruction

November 18-20, 2015

The 2015 OT Institute will explore how school-based occupational therapy practitioners teach students toward mastery of educationally relevant occupations. Starting with an activity analysis of learning as a primary occupation itself, the research-based explicit instruction approach will be used to articulate how practitioners can design and deliver effective interventions for all students. The day will focus on the OTPF-3 (AOTA, 2014) process stages of intervention planning, implementation, and review through a combination of lecture and small group exercises.

Handouts will be provided via email. You should download handouts prior to the institute: free internet access will be available only to participants who are hotel guests. All other participants will have to pay for on-site internet access.
